

**SECTION C-6****APPLICABLE GOVERNMENT PUBLICATIONS AND FORMS**

Publications and forms that apply to the PWS are listed below. The publications and forms have been coded as mandatory or advisory. The contractor is obligated to follow those publications and use those forms coded as mandatory to the extent specified in other sections of this PWS. The contractor shall be guided by those publications or use those forms coded advisory to the extent necessary to accomplish requirements in this PWS. All publications and forms listed shall be provided by the government at the start of the contract. It is the responsibility of the contractor to establish follow-on requirements with the Publications Distribution Office (PDO). Supplements or amendments to listed publications from any organizational level may be issued during the life of the contract. The contractor shall immediately implement those changes that result in a decrease or no change in the contract price and notify the contracting officer in writing of such change. Should a decrease in contract price result, the contractor shall provide a proposal for a reduction in the contract price to the contracting officer. Before implementing any change that will result in an increase in contract price, the contractor shall submit to the contracting officer a price proposal within 30 calendar days following receipt of the change by the contractor. The contracting officer and the contractor shall negotiate the change into the contract under the provisions of the contract clause entitled "Changes." Failure of the contractor to submit a price proposal within 30 calendar days following receipt of the change entitles the government to performance according to such change at no increase in contract price (unless the time requirement is waived by the contracting officer according to paragraph (c) of the Changes clause).
